SMILE MAKEOVERS – FREQUENTLY ASKED QUESTIONS

What appointments are required?

- First of all, a Cosmetic Consultation will give you an indication on which Cosmetic Dentistry Procedures are suited to you
- During your Consultation the Dentist will give you an indication of all required appointments
- Appointments usually have a sequence:
 1. Gum and Tooth Health – Cleaning and Fillings if necessary
 2. Teeth Whitening
 3. Cosmetic Care
 - Invisalign Invisible Braces (if required)
 - Porcelain Veneers/Crowns – Two main appointments only.

How much will it cost?

- Cost of Treatment varies depending on the procedures required. Please ask your treatment co-ordinator for an early indication of costs.
- All Costs of Treatment will be detailed during your Consultation/Treatment Discussion Appointments before any treatment is commenced.

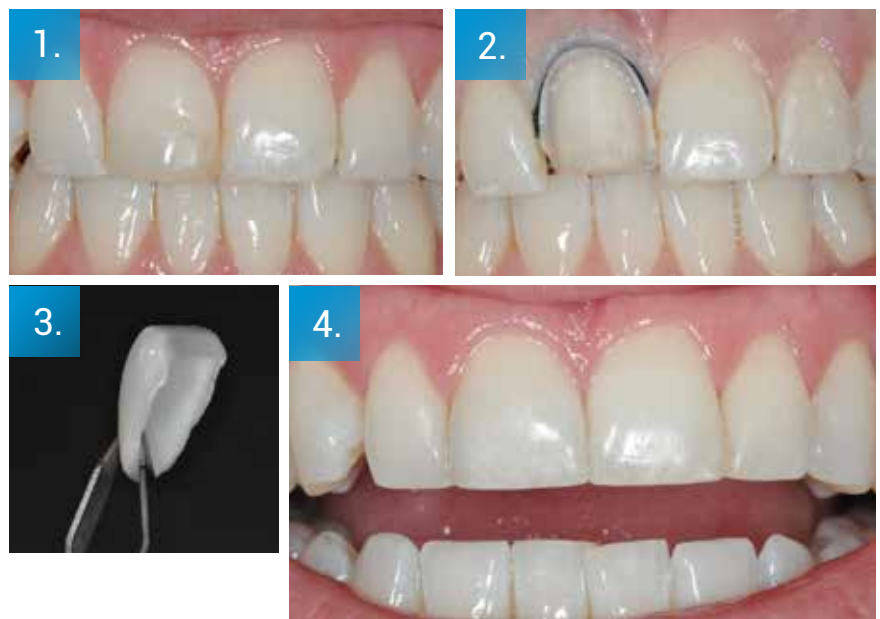

How long will this whole process take?

- It is hard to estimate a treatment duration as every case is different. For example, if only teeth whitening is required for your Cosmetic Makeover, then this could be as simple as one appointment after your initial consultation. However, if you require a major Smile Makeover then this could take more appointments.
- Crown and Veneer treatments take two main appointments over a three week period.
- We also offer the services of an Anaesthetist who performs twilight sedation allowing for our Dentist's to perform large amounts of work in the one appointment. This makes your experience more relaxed and may reduce the amount of appointments needed.

What type of follow up/ ongoing care is required for Cosmetic Dentistry?

- Regular, routine checkup and cleaning appointments will ensure two things:
 - Your teeth remain beautiful and healthy
 - Your warranty for work remains valid
- Regular home care, twice a day brushing and flossing, and using mouth-rinses
- Touch-up At-Home Tooth Whitening is required on a 6 to 12 monthly basis
- Routine ongoing care will assist your Crowns/Veneers lasting for up to 15 to 30 years
